

Curnock Street Estate Action Plan from Estate walkabout 30-11-22

Contact Officer: Garry Malcolm, garry.malcolm@camden.gov.uk. Neighbourhood Officer

No.	Desired outcomes	Actions	Review / target date & progress update
1	Reduce the opportunity for drug dealers and those causing ASB to congregate on the estate.	The Council will look for a solution to people sitting on the brick planters in the area by the Marr along Camden Street. This will include exploring whether a chevron brick pattern on the top of each planter might be a solution.	
2	To reduce the opportunity for those dealing drugs to access all areas of the estate.	Ward Councillors will support the TRA and officers to explore the feasibility of installing gates to restrict access to and through parts of the estate. This will commence with a comprehensive picture of known flashpoints on the estate and how drug dealers could be deterred from congregating being provided by the Police and Community Safety Team.	
3	Reduce opportunity for persistent dealing of drugs on the estate.	Curnock Street estate is on the Council's forward plan for CCTV installation upgrade during January to March 2023. Key features are that the camera quality and images will be very good, low light images very clear, roof top equipment & all footage will viewed and downloadable instantly via a new control room. The Willow tree adjacent to the Children's Play area will be pollarded in order to improve sightlines.	

		Estate lighting will also be checked generally to ensure that it is sufficient to support the new CCTV.	
4	Improved lighting in the children's play area.	The Council will instruct the Council's contractor Openview to resolve this.	
5	Prevent drugs being hidden in self-storage facility.	The Council will contact the company renting the space to establish whether a solution to this can be found.	
6	Improve access for those with disabilities to Ravenscar.	The Council will explore the feasibility of installing additional steps from opposite flat 4 Ravenscar providing access onto the pavement on Bayham Street.
