Curnock Street Estate,  
London  
NW1 0HH

Dear Resident,

### **Installation of new CCTV cameras begins**

As part of our commitment to making Camden a safer place for residents to live, we will be installing new cameras as part of the Housing CCTV upgrade project on Curnock Street Estate.

The cameras will connect to the new network recently installed, bringing real-time images back into the council's dedicated 24-hour CCTV control room.

### **Noisy works**

Our contractors Tyco/JCI will be carrying out noisy civils works on your estate from Wednesday 21<sup>st</sup> June until Friday 7<sup>th</sup> July. We will aim to keep disruption to a minimum as much as possible and thank you in advance for your patience.

### **Existing CCTV**

We are not turning off our existing CCTV system during this installation and still have a dedicated CCTV repairs team working to fix faults and maintain the current system. Upon completion of vigorous testing on the newly installed cameras, the existing cameras will be switched off and removed. The transition between old and new cameras is a seamless transition not affecting residents.

If you have, any queries about the CCTV upgrade please email [CCTVHousUp@camden.gov.uk](mailto:CCTVHousUp@camden.gov.uk)

You can also contact your housing officer.

### **How will COVID-19 affect the works meeting and planned works?**

We are closely reviewing government guidelines for COVID-19 virus. Please be assured all works and meetings that take place will be coordinated in line with the latest government advice. As of writing this letter "There are no coronavirus (COVID-19) restrictions in the UK".

For more information on COVID-19 visit [Coronavirus \(COVID-19\): guidance and support - GOV.UK \(www.gov.uk\)](https://www.gov.uk/guidance/coronavirus-covid-19-guidance-and-support)

Kind Regards,

Camden Housing CCTV upgrade Team.
